

## Dear Reader

We are pleased to share our latest news and recent information about LS-DYNA and our services at [DYNAmore\\_Nordic](#).

## Our News

## Holiday Greetings

We wish you all a Merry Christmas and a Happy New Year.

At DYNAmore, we look forward to a new year with the hope of having more opportunities to meet you in person again at support visits, conferences and seminars.

DYNAmore Nordic are open including support all working days during the holidays.

## The Nordic LS-DYNA Forum 2022

We are happy to announce that the Nordic LS-DYNA Forum will occur at Svenska Mässan, Göteborg, on October 18-19, 2022. We will present the new development in LS-DYNA, and we are looking forward to seeing all users' presentations using LS-DYNA.

We will send more information at the beginning of next year and do not forget to make a reservation in your calendar already now.

**UNICEF**

The COVID-19 pandemic has had a significant impact on the health of both people and economies, with developing countries hitting the hardest. Therefore, to make a small contribution, DYNAmore Nordic has decided not to send any individual chocolate calendars and instead give a charity to UNICEF. That will give people in developing countries the possibility to get a Covid-19 vaccination.

**Thesis**

## **Register your Master Thesis at DYNAmore Nordic**

At Dynamore Nordic, we have an initiative to work closer with master students who is using LS-DYNA for their master thesis with our customers. We believe that the co-operation is very fruitful and we would therefore like to offer free courses or webinars, tailor made examples, personal support and publishing of the thesis on any of our channels to this years Master Students. To be eligible for this the work we encourage you to register your Master Thesis work through this registration form or visit our website for more information.
