

Dear Newsletter Reader

We are pleased to share our latest news and recent information about LS-DYNA and our services at [DYNAmore Nordic](https://www.dynamore.se).

Conference Update and Preliminary Program

Preliminary Program

We are proud to present the [Preliminary Program](#) for our LS-DYNA Users' Conference 2022.

It's an exciting, diversified program, containing prominent speakers and well-known companies, people you already know and people you will get to know. Don't miss out on this amazing opportunity to learn more about LS-DYNA and simulations.

For questions with regards to accommodation we refer directly to the venue, [Svenska Mässan](https://www.svenskamaissan.se)

For other questions related to the conference you can contact us either via your regular channels or at conference@dynamore.se.

We wish you all welcome to a couple of exciting days in Gothenburg.

Register your participation

In order for us to be able to plan, we kindly encourage you to register your Conference Participation.

The easiest way to register is [here](#).

You can choose to take part one or two days, or maybe one day plus the conference dinner in the evening of the 18th. Via the link above you tailor your participation.

All participation is free of charge and we hope to meet as many of you as possible at Svenska Mässan, but please, do register your participation!

Last date to register is SEPTEMBER 16
