### BETA-conference

BETA CAE arranged the 9th BEFORE REALITY international conference June 14-16 in Munich. It was an opportunity for the engineering simulation community, with focus on the automotive industry, to get together and exchange the latest knowledge and concepts. Inspiring presentations from, among others, BMW, CEVT, SEAT and Rimac Technology. BETA CAE presented the latest developments in ANSA and two new software in the portfolio.

### HANS - Infoday available via YouTube

With more than 40 participants on site and more than 250 participants online, the Human Body Modeling Infoday received great attention worldwide. The recordings of the presentations are now available via [DYNAmore GmbH's YouTube channel](#)

### The Oasys LS-DYNA UK Conference

The Oasys LS-DYNA UK Conference 2023 took place on 8th of June at the [Hyatt Regency Hotel in Birmingham, UK](#).  
This annual event was a unique opportunity for simulation experts, industry professionals, and academics to get together and explore the latest advancements in the Oasys and LS-DYNA world. This year's conference featured a comprehensive programme which provided attendees with the knowledge and skills to unlock the full potential of LS-DYNA and the Oasys Suite. They also had the chance to participate in interactive sessions, share ideas, and learn from Oasys' software team about how to address complex engineering challenges.

### The Holiday Season is here

June is here. June is the brightest month and marks the official start of the summer. We wish all our customers, suppliers, and partners a relaxing and refreshing summer. Our Support will be open during the entire summer. You can reach us as usual by email ([support@dynamore.se](mailto:support@dynamore.se)) and phone. From July 17 to 28, we have a reduced numbers of engineers handling our Support. Please allow for a longer response time during this period.
